

## **Local Perspectives on Water Issues**

You are being asked to complete a brief survey about water. This survey is part of a statewide project to learn more about Utahns' thoughts on water resources. Your responses are completely anonymous. Participation is entirely voluntary. You may refuse to participate at any time without consequence. In addition, you have the right to refuse to answer any specific questions if there is information you are not comfortable sharing with us. There are very minimal risks associated with participation in this survey. None of the topics are sensitive.
